

TRADE PRESS RELEASE FAGOR FTD800W 8KG EASY IRON STEAM DRYER

Fagor offers a range of easy to use, stylish and practical appliances that are packed with innovations that make life easier in the kitchen. A full range of built-in cooking, cooling and washing products are available together with built-in and freestanding laundry appliances. Each appliance features attractive contemporary design and all are made using the highest quality materials.

Fagor has launched its latest laundry concept – an 8kg fully electronic condenser tumble dryer with a steam decreasing option. Condenser drying differs from vented drying (which expels hot air directly from the machine and needs to be vented to an outside wall), as dry air within the drum is blown through the wet contents. The resultant humidity is extracted and passed through a heat exchanger and the newly ionised condensed water is then expelled to an internal water tank.

This B-rated condenser dryer features eight drying programmes which are separated between cottons, mixed, synthetics, delicates and wool settings. What is innovative about this dryer is that the ionised water can then be extracted from the machine using the removable container on its fascia and then used to steam de-wrinkle the newly dried clothing using one of two pre-set options for cottons or mixed fibres. A further third pre-set is a 20 minute programme for dry items that may have been stored away and need to be refreshed.

By using the steaming option (ionised water must be used), creases are softened and ironing is faster and easier, or not even required.

This 8kg Steam Condenser Dryer matches the FU7814W 8kg washing machine.

Product Highlights:

| | |
|--------------------------------|---|
| Product Name: | FTD800W 8kg Easy Iron Steam Dryer |
| Available Finishes: | White |
| Market Position: | Middle |
| Energy Rating: | B |
| 8 Condenser Drying programmes: | Cotton (Extra Dry, Dry, Ready to Iron); Mixed Fabrics (Dry, Ready to Iron); Synthetics; Delicates; Wool. |
| 3 pre-set steam programmes: | Cotton; Mixed; Refresh |
